- Runabout
- Bowrider
- Sport Fisherman
- Express Cruiser

# MIRRO *Craft*

A New Breed of MIRRO-Craft for

Trailerable Models for:  
Fishing • Cruising • Camping • Skiing

# 21'2" Mariner Express Cruiser

I/O Model 4621

The flag ship of MIRRO-CRAFT's Mariner series of intermediate-sized aluminum boats. This smartly-styled express model features a cuddy cabin for head privacy, lock-up storage and sleeping accommodations. The lightness of aluminum construction in its well-designed hull permits top performance with less horsepower — a real Economizer! A good investment in family fun afloat — for cruising, fishing, water skiing, and boat camping.

# 19'2" Mariner Sport Fisherman

OTB Model 4619

Buy this tough, all aluminum model if you are more interested in fishing than fussin'. Fishermen, look this model over and you will see that it's laid out to meet your requirements. This well-designed, seaworthy hull really provides top performance with lower horsepowers, which means FUEL ECONOMY AT ALL SPEEDS. "Try it — you'll like it!"

# 19'2" Mariner Sport Runabout

OTB or I/O Model 4628

A highly maneuverable, sporty boat. Superbly constructed of tough, durable marine aluminum. Powered by a quickly responsive inboard/outdrive system. This model is also available in an outboard version. Built to take the giant waves and keep on flying. With storage space for your camping gear or sporting equipment, the Runabout's an ideal choice for the young family on the go.

1976

# 19'2" Mariner Bowrider

OTB or I/O Model 4629

Here's a handsome, all aluminum runabout that's big on dimension for comfortable, safe and seaworthy boating fun. The bowrider styling makes a lot of useful boat from stern to stern. Take your choice—outboard or inboard/outdrive. And, expect to get more performance with less horsepower than most other boats in this size range. Durable aluminum construction assures low maintenance, low operating costs, and many years of boating pleasure.

# Mariner Comparative Data

## 21' 2" Mariner Express Cruiser Model F-4621

### Power

I/O - MerCruiser 120, 140, 165 hp ■ OMC 140, 165 hp (Manual trim)

### Comparative Data

Center-Line Length 21' 2" (6.90 m) ■ Beam 96" (2.43 m) ■ Weight 2700 Lbs. (1225 kg) ■ Cabin Headroom 58" (1.47 m) ■ Cockpit Headroom with Top Up 75" (1.90 m) ■ Height from Keel to Top of Windshield 87" (2.20 m) ■ Hull Thickness .100" (2.56 mm)

**MIRRO-Craft is QUALITY**

Quality is a vital consideration in the production of all MIRRO-Craft boats. That's why a special marine alloy, chosen for its excellent strength-to-weight ratio, high impact resistance and exceptional corrosion resistance is used. You can be assured that your new MIRRO-Craft meets the highest industry and family standards for durability, dependability, economy, safety and convenience.

**B.I.A. CERTIFICATION**

All MIRRO-Craft boats are built in full compliance with the Boating Industry Association's Engineering Recommendations and applicable Federal regulations. MIRRO-Craft boats are inspected and certified by the B.I.A.
